Rock Sales Per Month

Rock is the genre with the most number of purchases.

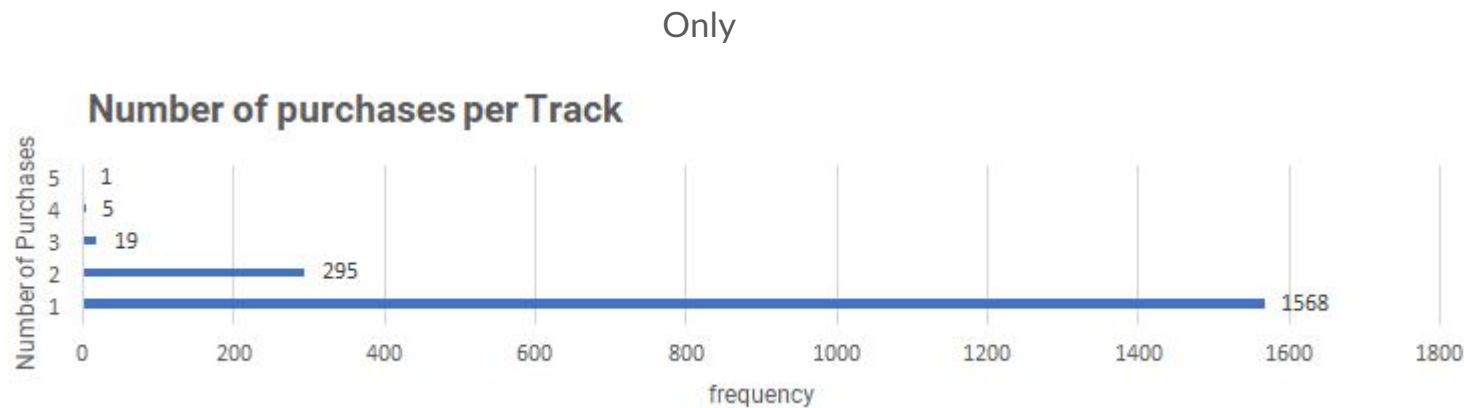

It had the larger volume of purchases on February, with US\$96.03 and the lowest on March about US\$41.58.

Jane Peacock sales performance

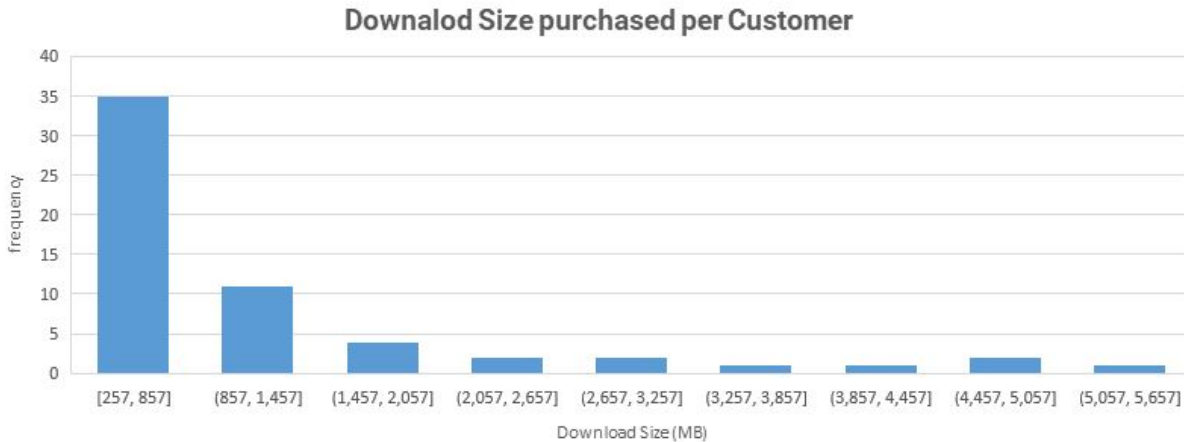

Jane Peacock has the highest amount of sales. She outperforms selling the genre Rock, but don't deal so well with Easy Listening or even Rock And Roll.

Low-rate Repurchases

Even with a large number of sales, only 25 tracks were purchased more than twice.

Data usage

Customers downloaded mostly less than 1GB of Music, even though there are customers that downloaded more than 4GB.
